Request for Proposal - Study Scope

Dover Kent MPO is seeking proposals from qualified professional consulting firms interested in providing the following services. Deadline for responses is 4:00 PM, February 16, 2023.

Project: Lookerman and State Streets Intersection (Dover)

Narrative: This project was requested by Downtown Dover Partnership. This is an intersection improvement study of the five-legged intersection of Lookerman, State, and King. It evaluates traffic conditions and multimodal flow through the intersection. It reviews crash history and community perspectives on safety. It also generates short and long-term concepts to improve intersection safety and multimodal performance. The result of the study would be 10-15% design concepts that can be vetted with the community. Considerations:

- as a gateway into downtown, will increase value, appeal, and efficiency of significant intersection and throughout Lookerman Street;
- ability to increase the number of attendees to special and signature/annual events, adding increased sales to local businesses and restaurants;
- support the increase of arts/arts district to grow in the center of the Capital City.

Expected Components:
